

Survivor Statement - California Systemic Abuse Testimony

Date: May 30, 2025

Location: California, United States

Author: Anonymous

Summary

This anonymized testimony documents a long-term, systemic abuse campaign involving surveillance, housing and income control, medical coercion, sexual harassment, and technological interference. The author has experienced this abuse firsthand in California over a period of years, and this document serves as a record for public awareness, historical accountability, and personal survival.

Key Patterns of Abuse

- Housing and income manipulation
- Police and medical harassment
- Sexual coercion as behavioral control
- Technological assault and surveillance
- Psychological interference and social targeting

Purpose

This document exists to testify to the ongoing abuse endured by targeted individuals under covert control systems. It is intended for researchers, journalists, advocates, and any person experiencing similar patterns. You are not alone. Mirror and share this freely.
